Auckland companies clean up in building services industry 'Oscars'

Auckland cleaning companies are celebrating sparkling success in the Building Service Contractors New Zealand (BSC) Clean Sweep Awards.

Winners of the awards, which are sponsored by Staples New Zealand and organised by Building Services Contractors New Zealand (BSC) to recognise the contributions of the cleaning industry, were announced at a dinner at the Clean NZ event in Auckland, last night.

They ranged from privately owned and small-to-medium enterprises to multi-national operations.

Auckland commercial cleaning company That's Clean, won the Business Innovation category for the Fisher & Paykel Finance site in Highbrook, Auckland.

The company has been established for 25 years and employs 90 staff and service clients across the Auckland region. It has been cleaning the site six days a week since 1998.

That's Clean impressed judges with the way it has worked to make the most of technological advances and provided cost-effective benefits for customers through a range of innovations, including developing its own environmentally-responsible range of cleaning products which are made in New Zealand.
